

std::exception

```
classDiagram
    class std_exception["std::exception"]
    class RepositoryException
    RepositoryException --|> std_exception
```

A UML class diagram illustrating inheritance. At the top is a white rectangular box with a black border containing the text "std::exception". Below it is a gray rectangular box with a black border containing the text "RepositoryException". A solid blue arrow points vertically from the top center of the "RepositoryException" box to the bottom center of the "std::exception" box, indicating that RepositoryException inherits from std::exception.

RepositoryException
